

THE SPORTS DRINK. REINVENTED.

REPLENISH™ is the essential sports drink to power you through a workout.

WHY DO YOU NEED REPLENISH?

RECOVERY

The body loses vitamins, electrolytes, and water during exercise. Proper hydration is extremely important to recovery when exercise is intense or long.

PERFORMANCE

The glycogen complex in Replenish delivers optimal levels of carbs athletes need to perform at peak levels.

HYDRATION

Replenish is a great way for everyone to hydrate without any artificial colors, flavors, or sweeteners.

WHAT IS REPLENISH?

Replenish helps sustain performance, supports hydration and faster recovery. Enriched with vitamins C and B-complex, this refreshing, natural sports drink mix keeps you naturally hydrated and replenishes nutrients and electrolytes that can be lost during exercise.

We are in the process of re-branding Replenish into AMPED Hydrate. Same great formula, now part of the AMPED line. Look out for the new AMPED Hydrate packaging in 2016.
