

TRAIN HARDER. TRAIN LONGER.

AMPED™ NOx is the perfect way to prime the muscles for maximum performance and intensity.

WHY YOU NEED AMPED NOx:

NITRIC OXIDE PRODUCTION

Fruit and vegetable extracts support nitric oxide production.†

BLOOD FLOW SUPPORT

Supports blood flow for optimal delivery of nutrients and oxygen to cells.†

GO THE DISTANCE

Energize muscles for greater intensity and stamina.†

PRE-WORKOUT

Take before training to improve athletic performance.

WHAT IS AMPED NOx?

AMPED NOx is a pre-workout shot that supports nitric oxide production for healthy blood flow and oxygen delivery to cells so your muscles can function efficiently and reduce fatigue.†

HOW IT WORKS:

Taken before a workout, AMPED NOx supports nitric oxide production, supporting blood flow and oxygen delivery to cells. With a special blend of fruit and vegetable extracts, including beets, celery, and red spinach, this performance booster helps increase power output, optimize muscle efficiency, and reduce fatigue.†

NITRIC OXIDE IN ACTION:

Nitric oxide helps blood vessels function normally during exercise. This increases delivery of vital nutrients and oxygen to working muscles and helps delay fatigue. The result of proper nitric oxide production is enhanced muscle efficiency so you can train harder, longer.†

Perfect for:

- Those 12 and older
- Athletes
- Anyone looking to improve intensity and stamina

SOY-FREE

GLUTEN-FREE

WHAT MAKES AMPED NOX UNIQUE?

AMPED NOx delivers a performance boost with vegetable-sourced nitrates for supporting blood flow to and from muscle. It also contains antioxidants from fruit extracts that further support nitric oxide production.†

The effectiveness of AMPED products depends on nutritional timing—when you take each product throughout your workout. There are three windows, pre-, mid-, and post-workout, where these products are designed to help deliver results.
