

IsaKids[®] Essentials

Dietary Supplement

The ultimate children's vitamin with 100% of the recommended daily amount of 16 essential vitamins and minerals to help kids grow healthy and strong.

Why IsaKids Essentials is the perfect nourishment for growing minds and bodies:

- IsaKids Essentials contains an all-natural base of fruits and vegetables to ensure proper nutrition, giving children the energy to combat stress and fatigue while strengthening their immune health.*
- Includes 16 essential vitamins recommended for kids to grow healthy and strong. Contains antioxidants for fewer sick days.
- Each serving of two tablets provide 400 IU of vitamin D a day, which is recommended by the American Academy of Pediatrics. Vitamin D deficiency can impair a child's bone development.
- IsaKids Essentials provides your child with calcium, necessary for healthy bones and teeth, vitamin C for a healthy immune system, vitamin B for healthy brain function, and xylitol, which provides extra cavity-fighting strength.
- Great tasting! No artificial colors or flavors.

IsaKids[®] Essentials

Frequently Asked Questions

How is IsaKids Essentials different from other children's vitamins?

This all-natural multivitamin contains 100% of the recommended amount of 16 essential vitamins and minerals that kids need to grow healthy and strong.

What benefits does IsaKids Essentials provide for children?

Contains an all-natural base of fruits and vegetables to provide whole food nourishment for growing minds and bodies, including antioxidants for fewer sick days. Essential minerals are included for healthy bones, teeth and eyes and B vitamins for healthy brain function.

Kids may experience:

- More well days*
- Increased mental focus*
- Stronger bones and teeth*
- Healthy eyes*
- Aids in healthy brain function*

Why do children need vitamins and minerals?

It is important that active, growing children receive all the vitamins and minerals they need every day. Vitamins and minerals help release energy from food and help build muscle, bone, blood and other vital tissue. The body has to be supplied with vitamins and minerals on a regular basis. Without a regular supply of vitamins and minerals, children cannot maintain good health and normal growth.
