GAMECHANGER

Introducing:
Recharge NAD™

The **Cellular Energy and Detoxification** Product

Recharge NAD™ optimizes the production of energy in the cell and helps slow cellular aging by boosting your cells' natural detoxification process. Its benefits are delivered through an advanced targeted-release capsule technology.

Benefits:

- Cellular Energy Production for Healthy Aging
- Cellular Detoxification Support for Greater Protection
- Targeted-Release Capsule Technology for better Absorption

Advanced Capsule Technology

What's in it:

- **Broccoli Seed Extract:** Increases detoxification enzymes to protect cells against oxidative and environmental stress
- **NADH:** This bioactive form of vitamin B3 ignites cellular energy
- **Astragalus:** Research shows astragalus supports immune health
- **Tocotrienols:** Clinically shown to support healthy aging while being a powerful tool for total body health
- **Fisetin:** A potent supporter of cellular health

- **Energy Production:** Optimizes the production of energy in the cell to support everything your body does (like respiration, digestion, movement, and more).
- **Cellular Detoxification & Protection:** Helps slow cellular aging by boosting your cells' natural detox process.*
- **Capsule Technology:** Designed with advanced capsule technology, utilizing timed release to provide increased absorption and bioavailability.
